HANDWASHING REWARD CHART

Make the dates for each week in the circles on the calendar. Every time your kids wash their hands, color in the stars. If they score 20 stars in one week, reward them with a prize!

Help your kids wash their hands with soap and water for 20 seconds -- the time it takes to sing The Happy Birthday Song twice.

When to wash:

- before eating
- after playing
- after using the bathroom
- after sneezing and coughing
- after coming home from school
- before playing with baby sister/brother
