

Welcome

to the home of a
Newborn

Remove Shoes

No shoes past the entryway! We also have shoe covers if you can't take them off.

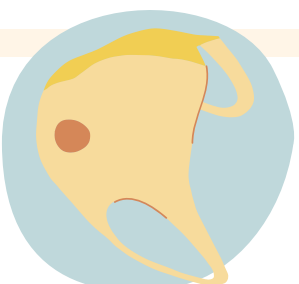

Wash Hands

Wash your hands in the sink or use hand sanitizer before touching anything.

Clean Phone

Use the wipes to clean your phone or keep it put away. Phones carry tons of germs!

Healthy?

If you or someone else has been sick in the past week, you could be carrying germs!

Thank you to all visitors, family, friends, therapists, and nurses for keeping our home as healthy as possible!
